   ii. General Education area designations—Nick brought a written policy that we discussed and decided to add some notes for clarification. The following is the reworked policy:

   **When a student transferring to Cabrillo College from a regionally accredited college or university seeks credit for general education courses that have an equivalent at Cabrillo, in cases where the general education areas of those equivalent courses differ at Cabrillo and at the original institution, the student may elect either to honor the general education area designations of the original institution or the pattern offered by Cabrillo.**

IV. New Business: None

V. Items from the floor: Mary Ellen talked about a resolution being discussed in the statewide Academic Senate regarding the future of mathematics and English graduation requirements. The consensus was to wait until the Academic Senate votes on a resolution and then discuss.

VI. Adjournment at 3:20.
