

## SUPPORTERS OF COMMUNITY

### COLLEGE TENNIS

Due to budget cuts at Cabrillo College, our tennis program may potentially be dropped. We are asking members of the community and supporters of college team tennis to contribute to our fundraising event.

As head coach for the past ten years and a former Seahawk player, I can testify to the value and importance of maintaining a competitive tennis program at our junior college. I learned lifelong skills and made lifelong friends while playing tennis at Cabrillo. And as head coach I am passionate about sharing these lessons with the next generation.
