Item 3.) 2010-2011 CCEU BUDGET VOTE (Action Item)

Lori Amato took questions about the budget. Rich Torres asked what outreach for board members was for. Lori explained that it went for lunch and dinner meetings with governing board members. Rich also pointed out that miscellaneous expenses doubled when only half was used. Rich asked if this money should be under the president's budget or itemized more clearly. Lori explained that board members, not just the president, were using their own money for union expenses last year, so more was put in to avoid this in the future and cover greater reimbursement costs. Alta pointed out that these items can't always be itemized. Lori summarized by noting that the amount was doubled because it was greatly underestimated in past years.

Cathleen Reno moved to approve the CCEU 2010-2011 budget as proposed and presented. Violet Reeves seconded.

The CCEU 2010-2011 budget was unanimously approved with no abstentions.
