The District maintains a plan for the provision of programs and services to disabled students designed to assure that they have equality of access to District classes and programs. The Accessibility Support Center (ASC – formerly known as Disabled Student Programs and Services/DSP&S) is authorized for this purpose per Title 5 Implementing Guidelines, Section 56000 – 56076.

The Plan for the provision of ASC addresses the following per Title 5:

Long range goals and short term objectives for the program:
- Under Section 504 of the Rehabilitation Act, students with disabilities must have access to the general college services and instructional process. The ASC program is intended to provide the additional, specialized support which allows students with disabilities to more fully access and benefit from the general offerings and services of the college. Services should support students with disabilities in educational activities that comply with the mission of the college. These services may include integrating students with disabilities into the general college program; facilitating general education, transfer, or vocational preparation; increasing independence; and making referrals to community resources.

Definitions of disabilities and students eligible for the program:
- To qualify a person must: be enrolled at a community college, have a verifiable disability (see Section 5603244 Title 5), be unable to fully benefit from the regular programs and services offered by the college due to the educational functional limitation of a disability; and need specialized services or instruction in order to mitigate these disability related educational limitations.

Support services and instruction that is provided:
- Support services or instruction as used in Section 56005 means any service or classroom instruction that is above and beyond the regular services or instruction offered by the college. These classes, activities, or services are offered to enable the student with an educational limitation due to a disability to fully benefit in the offerings of the college.
- Verification of disability
- Every student participating in the ASC program must have a verified disability and determination should be performed in one of three ways:
  - ASC professional staff, with review by the ASC Director, may, through personal observation, verify the existence of an observable disability.
  - A licensed professional in the field may diagnose specified condition which verifies the existence of a disability.
  - ASC professional staff with review by the ASC Director may verify a student’s disability based on documentation provided by an appropriate agency or certified professional capable of diagnosing the disability in question.
Chapter Five: Student Services

Student rights and responsibilities:
- Participation by student with disabilities in ASC shall be entirely voluntary. Receiving support services or instruction authorized shall not preclude a student from also participating in any other course, program or activity offered by the college.
- All records maintained by ASC personnel pertaining to students with disabilities shall be protected from disclosure and shall be subject to all other requirements for handling of student records as provided in Title 5 and FERPA.
- A student with a disability, like any other student on the campus, must adhere to the student code of conduct adopted by the college. Termination of services to the student under the code of conduct must go through the same procedures as with any other student.
- A Student Educational Contract is developed by ASC professional staff in consultation with the student and placed in the file of each student receiving services.
- The Student Educational Contract is designed to serve as an educational plan and is reviewed annually with required signatures from both the ASC Specialist and student.

Academic Accommodations:
- The provision of ASC accommodation must relate directly to the educational limitations of the student. ASC specialists provide the services and accommodations to ensure that the college’s programs and services are accessible to, and useable by, students with academic and functional limitations.

Staffing:
- The ASC Program has an elected Faculty Director, who has day-to-day responsibility for the ASC Program. The Director of Facilities and Planning is responsible for maintaining compliance with ADA Accessible Standards, in consultation with ASC and 504 Coordinators.

Advisory Committee:
- The ASC Advisory Committee meets at least once a year, and the roster of the members is in the ASC Program Review and available for review for the public.

Service Animal Procedures and Guidelines:
- see AP 3440

Equal Access:
Cabrillo College is committed to providing access to all students, staff and members of the public and provides special programs that accommodate and facilitates these goals and objectives.
- Cabrillo College provides equal access to campus facilities for all students, staff, and members of the public with disabilities. All entrances to campus buildings and interior doors with automatic doors will comply with 2010 ADA Standards for Accessible Design published by the Department of Justice section 404.3 (ANSI/BHMA A156.10 or A156.19 (automatic doors or push plate openers). The college will also comply with the 2010 ADA Standards, section 404.2.9 (opening force), and California Building Code 2007-Doors,
section 1133B.2.5 (opening force) for exterior and interior non-automatic doors. In order to comply with these requirements, Cabrillo Facilities and Planning department contracts with Besam Entrance Solutions to randomly test and adjust doors. (See Attachment A). Future test results are on file in the Facilities Department.

- For building entrances that are not power assisted, the college provides a telephone outside of the entrance and posts signs on the doors instructing students, staff and the public to call the ASC office for assistance (after 5:00 pm Campus Sheriff’s Office). ASC, Campus Sheriff, Facilities, and/or branch campus directors will immediately respond to give the person access to the facility.

Disabled members of the public who are not able to operate non-power assist doors on campus should contact ASC for assistance in accessing college programs and activities, as needed. ASC Counselors and individuals with disabilities who need regular access to campus facilities will develop individualized plans to provide access to buildings, classrooms, restrooms, and other spaces that may not have power assist entrances. ASC will provide staff to assist individuals with disabilities based on the individual’s schedule and abilities. The goal of the individualized plan is to maximize the disabled individual’s independence and access to all programs and activities of the college.

For public access to power assisted and non-power assisted entrances, the college provides access information on its facilities to groups (community and college groups) that reserve college facilities on how those facilities can be accessed. These include: phone number for access; campus maps with disabled parking locations, accessible paths and elevators; and the following statements on the college’s website, printed materials, promotional materials and tickets to public events, and facilities rental agreements.

For website, printed materials, etc. which is designed for public consumption:
Cabrillo College strives to provide the highest level of accessibility to students, visitors and guests with disabilities. For assistance with physical accessibility issues, please call ASC at (831) 479-6379, or the Sheriff’s Office at (831) 212-8464 (Aptos and Scotts Valley) or (831) 212-8466 (Watsonville).

For Facilities Contracts:
Cabrillo College strives to provide the highest level of accessibility to students, visitors and guests. As a renter of our facility, you agree to meet federal standards of accessibility (Title II ADA) in your use of the facility, including access for people with physical and visual disabilities. If you have questions about physical accessibility or other accommodations, please contact ASC at (831) 479-6379 at least five days in advance of your event.

Labor and Planned Maintenance Agreement
For Automatic Door Equipment Located at:

Bessemer
ASSA ABLOY

Building Name: Cabrillo College
Street Address: 6500 Soquel Drive
City, State, Zip: Aptos, CA 95003

Agreement between the Owner and its Agent - for the Owner, hereafter called the “Owner,” and Bessemer Entrance Solutions (Bessemer), as named in the agreement.

1. Bessemer will perform two (2) Planned Maintenance (PM) exams annually to inspect, clean, lubricate and adjust the covered equipment. During the exams, should it be determined that any parts need replacement, the cost thereof shall be billed separately. Further, during one of the PM exams, Bessemer will perform an inspection on all scissor automatic sliding and swinging doors per the guidelines of the American Association of Automatic Door Manufacturers (AADMA).

2. Any service calls required in addition to the PM exams provided herein, that occur during normal business hours (8 a.m. to 5 p.m., Monday thru Friday) with the exception of those that occur due to damage, abuse, neglect, or unauthorized failure (i.e., force majeure) will be billed at current rates as outlined in paragraphs 16, 17, and 18. All additional calls will be completed on a scheduled basis in accordance with standard practices.

3. Emergency service calls will be given priority. An emergency service call is one in which the situation meets one of the following conditions: A) The door is unsafe. B) The door cannot be closed and secured and causes a security problem. C) The safety device is inoperative. An additional charge (as stated in Paragraph 2) will be made for service calls outside normal business hours (8 a.m. to 5 p.m., Monday thru Friday) to compensate for premium labor costs providing the Owner specifically requests such call outside normal business hours. Such calls made during the day will be billed at the current rates as outlined in paragraphs 16, 17, and 18.

4. This agreement excludes parts for automatic door service. Parts required will be discounted five percent (5%) off manufacturers suggested retail price.

5. It is the Owner’s responsibility to notify Bessemer if an unsafe condition exists, to disable any door that is operating in an unsafe manner and to provide Bessemer with twenty-four (24) hours written notice of any accident, alteration or change affecting the equipment. Bessemer will not be held responsible for any damages, injuries and liability as a result of the Owner’s failure to follow its responsibilities. It is the Owner’s responsibility to perform the daily safety checks that were provided by the door manufacturer. Such checks are necessary to ensure the safe operation of all automatic doors on site.

6. New installed Bessemer parts are covered (unless otherwise stated) by a one (1) year limited warranty against failure due to substandard material and workmanship, pursuant to which Bessemer’s sole obligation shall be to repair or replace such parts. Rebuilt parts are covered by a ninety (90) day limited warranty. All other parts are covered by the warranty as stated by the manufacturer.

7. This agreement is effective for one (1) year(s) starting July 1, 2021 and may be canceled with thirty (30) days written notice. Notice shall be sent by certified mail, return receipt requested. To ensure continuous service, this agreement will be automatically renewed for successive one (1) year periods.

8. The price for the services as stated in this agreement shall be Six Thousand Eight Hundred Sixty Four Dollars ($6,864.00) for all services in accordance with the terms and conditions stated herein. The service charge shall be paid upon acceptance of the agreement, and is payable upon receipt of the invoice. Charges for parts and labor not included in this agreement will be billed on an “as needed” basis. Non-payment by the Purchaser of any money owing under this agreement shall entitle the Supplier to the delinquent amount at the maximum rate allowable by law.

9. Annual price adjustments. We will adjust your price and standard billing rates based on the percentage change in the average rate paid to Automatic Door technicians. This rate consists of the hourly rate paid to our technicians plus fringe benefits. Annual increase will not to exceed 5%.

10. You agree not to perform or permit others to make alterations, additions, adjustments, or repairs or replace any component or part of the equipment during the term of this agreement.
