Do you feel the Bern? Are you a student or faculty member at Cabrillo College that supports Bernie Sanders in the 2016 Presidential race? Do you want to be a part of the unprecedented grassroots progressive movement to make our country work for all people? We are here to organize behind Senator Sanders by creating events that support his campaign while bringing together like-minded people passionate about being a part of making our country and world a better place. Examples of events include phone bank parties, door-to-door canvassing, fundraisers, and voter education events.
