

MTRAK Website Info

MTRAK (Music Technology and Recording Arts Club)

MTRAK is a club dedicated to providing and assisting with the further development of skills related to music technology and recording arts. As a club we assist student engineers with recording musical performances on campus. We organize workshops related to sound engineering and music technology. We host live music on campus, and We provide sound engineering for students.

MTRAK meets on Tuesdays at 2:10 in the DIGI lab in the VAPA Center.
