

*Cabrillo College*

# **Seahawk Metal Arts Club**

(SMAC)

If you are interested in working with Metal – Jewelry, fabrication, casting, enameling, color on metal, please come to our next meeting:

**Wednesdays 5-6 pm in VAPA 3001**

SMAC sponsors lectures, demonstrations and workshops by visiting artists and leaders in the metal arts, supports student attendance to related metal conferences and art exhibitions, and assists in fundraising events, to enhance and facilitate opportunities for students to learn from experienced artists in the field and to familiarize Cabrillo students and the broader community with the ancient and contemporary art of metal working.
