

Below is a list of our programs and courses:

Puente Project: Students take English 100 and 1A with the same instructor and are guided throughout their Cabrillo College career by the same counselor, even after their Puente year ends. Puente students also attend cultural and academic activities together, including visits to four-year universities. They also have a mentor who provides support both in and out of school.

Coordinators:

Rudy Puente, Counselor.....831.477.5143
Dr. Adela Najarro,
English Instructor 831.479-6405

Digital Bridge Academy: D.B.A. is an intensive program designed to help develop new skills so that students complete a full-time load of college courses successfully. No matter what your current abilities are, in just one semester you will discover and use techniques to learn faster, study better and balance your personal responsibilities. One semester can change your life.

Fall 2009

English 255 & Reading 255 Learning Communities:

Make friends and do better in school! English 255 and Reading 255 must be taken during the same semester. In a Learning Community, students take both classes together, so they get to know each other better. This provides great support for staying focused and in school.

Also, your English and Reading instructors coordinate their class themes, texts, and activities, so they seem more like one class.

Watsonville AM:

English 255, section #63438

Tues & Thurs 9:00 AM-11:05 AM,
room 4420

AND

English 255, section # 63435

Mon & Wed 7-9:05 PM, room 1064
Joseph Carter, Instructor

A.C.E.S.

A.C.E.S. programs are designed to help students succeed at college by helping them connect with other students and work better with their instructors and college staff.

Research shows that students who are more actively involved in campus life find greater success in college, no matter what their goals.

ACES courses help students get started on a successful path to transfer to a four-year college or university, earn a certificate or degree, improve or launch a new career!
