

## **Information for former UCSC students who wish to return**

If a former UCSC student **who has not graduated from any four year institution** wishes to return to UCSC as an undergraduate, he or she should refer to <http://advising.ucsc.edu/student/read/index.html> or contact the former college (Cowell, College Eight, etc.) for information on the readmission process, the readmission application, and any conditions that may need to be satisfied to be eligible for readmission.

Former UCSC students cannot use IGETC for their general education requirements for UCSC. They will need to meet campus general education requirements, usually those which were in place when they were enrolled previously at UCSC. The academic advisor or preceptor at their college should be able to help assess their status.

Students should consult directly with the academic department at UCSC for major advising.

UCSC's senior standing policy does not apply to former UCSC students who have not earned a bachelor's degree. They should apply for readmission through their former college.

**UCSC graduates** (or former students who have graduated from another four-year institution) who wish to return to UCSC for a second bachelor's degree or to complete a specific pattern of undergraduate courses in limited status should contact the Admissions Office at 459-2131 for more information on the application process. Please note the majors in art and psychology do not accept second baccalaureate applications.
