

ADVANCED PLACEMENT (AP) ~ INTERNATIONAL BACCALAUREATE (IB) ~ CLEP

Cabrillo College will grant college credit toward an A.A./A.S. Degree to students who earn scores of 3, 4, or 5 on advanced placement examinations given by the College Entrance Examination Board. Cabrillo will also grant credit for the International Baccalaureate Diploma or individual exams according to the chart below. Please see the special note regarding IB credit for transfer to the University of California. Students must send official copies of the AP/IB or CLEP results to Cabrillo if it is not posted on their official high school transcript. It is the responsibility of the student to see a counselor and petition for the use of AP/IB or CLEP credit toward a Cabrillo College degree.

To use AP or IB results for completion of GE areas for transfer using either the IGETC or CSU GE, the student must request GE Certification from Cabrillo upon transfer. To determine how AP credits will be used at the four-year school for major preparation, please consult the catalog of the transfer school or see a Cabrillo College counselor. Duplicate credit may not be granted to students who have AP scores and take the equivalent college course. Credit will be granted for general education certification according to the following list.

| College Board Advanced Placement Tests | Minimum Semester CSU/Cabrillo Credits earned¹ | Semester Credits for CSU/Cabrillo GE Breadth Certification | American Institutions or CSU GE Breadth Area² | IGETC Area/ EQ Cabrillo course⁶ for UC/CSU Certification |
|---|---|---|---|--|
| AP Art History | 6 | 3 | C1 or C2 | 3A or 3B/AH 11 |

| CLEP Calculus = score of 51 | 3 | 0 | N/A | N/A |
| CLEP Chemistry – score of 48 | 3 | 0 | N/A | N/A |

The following restrictions apply:

1. These units count toward eligibility for CSU admission. The units may not all apply toward certification of the corresponding CSU GE-Breadth area. See Executive Orders 1033 and 1036 for details.
2. Areas of CSU GE Breadth (A1 through E) are defined in EO 1033. Areas of American Institutions (US-1 through US-3) are set forth in Sections 1A and 1B of EO 405 and at www.assist.org.
3. Students seeking certification in CSU GE Breadth prior to transfer must have passed the test before this date. *The ES exam can clear either B2 or B1 through F09-after that date only Area B1.
4. If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate within each area.
5. If a student passes more than one AP exam in physics, only 6 units of credit may be applied to the baccalaureate, and only 4 units of credit may be applied to a certification in CSU GE Breadth.
6. At most UCs additional credit will not be granted if a student takes the equivalent course.
7. The Environmental Science, Physics C (elec/man.), Physics C (mech)--3 sem or 4 qtr units may be applied toward IGETC. Therefore, students who complete these exams will be required to complete at least 4 sem. or 5 qtr. units to satisfy the minimum required units for IGETC Area 5.
8. The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language of A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

Use of IB Diploma/Exams for the University of California:

Students receiving the IB diploma with a score of 30 or above will receive 30 quarter (20 semester) units total toward their UC undergraduate degree. The University grants 8 quarter (5.3 semester) units for students who receive IB certificates with scores of 5, 6 or 7 on Higher Level exams. For more information about credit awarded by a particular campus, visit www.universityofcalifornia.edu/educators/counselors/ib

NOTE: Please see a Cabrillo Counselor for use in major requirements, transfer to private institutions and the number of transfer units to UC.
