

# Cabrillo Extension: Photographing Autumn Foliage in Fall Creek

**Materials and location for “Photographing the Autumn Foliage in Fall Creek” and what to bring.**

**Dear Students,**

- Meet at the dirt parking lot off of Felton Empire Road, one half mile west of downtown Felton. We will begin the hike as a group no later than 9:15, or once all students have arrived, so please be on time!
- Prepare for light hiking, as this class requires walking on trails and paths. Wear comfortable walking shoes, and dress for the weather. Bring a camera with manual controls, a tripod, and your cell phone.

[Click here](#) to follow the link to a google map of the general location.

Below you will find a satellite image of the meeting location.

We look forward to seeing you in class!
