The purpose of an educational plan is to help guide you to complete your academic goal in a timely manner. Each semester should reflect a realistic course load.

Bring this form with you when you meet with your academic counselor to create an educational plan and discuss the following:

A MANAGEABLE COURSE LOAD
Please take into account your responsibilities required at home, work, and school.

YOUR PAST ACADEMIC PERFORMANCE
In prior semesters, have you taken more units than you were able to complete successfully?

Your Educational Plan Must Include:
- The program you will pursue at Cabrillo
- Your anticipated Cabrillo completion date
- Only courses required in order to complete your program

Note: Ed Plans without a program and completion date will be returned

Educational plans are done with an Academic Counselor and are by appointment only. Please call the Counseling Office at (831) 479-6274 or visit the Counseling and Career Center in Aptos or Watsonville to set up an appointment.
