Dear Student,

Congratulations! Because of your outstanding work this semester, your instructor has identified you as a strong candidate for Cabrillo College’s Honors Transfer Program (HTP). If you are a motivated student, and want to be in a program that will help you get into the four-year university of your choice, the HTP is for you.

HTP students enjoy a variety of benefits: special admission consideration at any UC or at a number of private university throughout the country, with a particularly strong advantage at UCLA (for majors in the College of Letters and Sciences); smaller class sizes at Cabrillo; access to special workshops; and unique scholarship, research, and leadership opportunities. Our program’s goal is to prepare you in every way possible to succeed when you transfer.

Our students do not take extra classes while at Cabrillo; instead, they take honors sections of classes that they would need to take anyway. Being in the HTP should not increase the time that you spend at Cabrillo, but it will increase the quality of your time here, as you will be part of a community of excellent, focused students.

To apply for the HTP, you must have a minimum 3.3 GPA in at least 6 transferable units (or be on track meet those requirements by the end of this semester), and be eligible for, or have already completed, English 1A. You don’t need to have been an honors student in high school, or be someone who thinks of himself/herself as an honors student. Being motivated is the most important thing. We don’t recruit honors students, but instead we enable you to become an honors student in college.

If you meet these requirements, you can apply now to start the program next semester. Application deadlines are on the website below. For more information on the program and to apply visit the HTP website at Go.cabrillo.edu/honors – see How to Apply to the Program as a Current Cabrillo/College Student. If you have any questions, please email us at honors@cabrillo.edu

We look forward to hearing from you, and helping you transfer to your dream school. Congratulations again on your strong start to the semester.

Sincerely,

Carolyn Jackson
