Water-conservation focus of workshops

Cabrillo College is hosting five different water conservation workshops through its Cabrillo Extension Program.

In conjunction with the Water Conservation Coalition of Santa Cruz County, the workshops will focus on water-saving techniques at home and conservation principles that help protect limited, local water supplies. The classes will meet on the following dates:

- Feb. 28: Design and Build a Water Neutral Landscape
- March 7: A-Z Rainwater Harvesting
- March 14: Graywater: Laundry to Landscape
- April 25: Replace Your Lawn!
- May 16 and 23: Walkways, Pathways and Patios

Classes are $25 for those who register before Feb. 23. Cabrillo College is at 6500 Soquel Drive. Call 831-479-6331.
