Water conservation is focus of workshops

Two workshops remain in the Cabrillo College water-conservation series. In conjunction with the Water Conservation Coalition of Santa Cruz County, the workshops focus on water-saving techniques at home and conservation principles that help protect limited, local water supplies. The classes will meet on the following dates:
- April 25: Replace Your Lawn!
- May 16 and 23: Walkways, Pathways and Patios

Cabrillo College is at 6500 Soquel Drive. Call 831-479-6331 to register.
