The Student Success Act of 2012 repurposes and renames the former Matriculation Program (Seymour-Campbell Act) as the Student Success and Support Program. The college will mandate three core matriculation services: orientation, assessment, and counseling/advising and other educational planning services for all non-exempt students with the focus on first time college students. The goal of the Act is to provide students with the support necessary to assist them in achieving their educational goal and identified course of study. Cabrillo College’s student services and instruction components will work collaboratively to identify best practices and implement those that support Cabrillo College’s student population within the resources available.

Adopted: August 5, 2013
