Standard I: Institutional Mission and Effectiveness

A. The Mission and Vision Statements
- Establish student learning outcomes and services fitting our mission
- Are approved by the Board and widely published
- Are reviewed and revised on a regular basis
- Help inform college planning and decision making

B. Improving Institutional Effectiveness
- We maintain collegial, self-reflective dialogue about student learning and our institutional processes
- Cabrillo sets goals to improve effectiveness and measures them
- The college cyclically assesses progress toward achieving goals
- Our planning process is broad-based, allocates resources, improves effectiveness
- Documented assessment results are used to communicate quality
- Our institution reviews and modifies the cycle of planning and allocation
- Our institution assesses evaluation mechanisms for their effectiveness
