GENDER ROLES

Complete responses to the following questions (use the back of the page if you need to):

1) Can you recall any experiences that were particularly influential in shaping your attitudes about gender roles? Give a couple of examples:

2) Have you ever felt restricted by gender roles? If so, in what ways?

3) Have you ever been a victim of sex discrimination (sexism)? If so, describe what happened:

4) In what general ways do you think men and women differ?

5) Where do you think gender roles are heading in the next 10 to 15 hears? Will we keep some of the traditional roles, reverse them, just throw them out, or modify them in some way?
