Assignment sheet #7

Keep this sheet in your binder until the homework is collected. Staple it to the front of your homework. Complete the following problems and fulfill the list for full credit. Remember, this assignment must be turned in for credit. It does not qualify for a drop since it covers more material and is worth 20 points, instead of 10 points.

For all homework:

- Complete the information on the top of this page and staple it to the front.
- Label sections on the top right corner of your paper.
- Put sections and pages in order.
- Do all assigned problems.
- Copy original problem onto your paper unless it is a long word problem.
- Show your steps and work below the written problem.
- Check the answers of the odd problems to the answers in the back of the book.
- Rework and ask questions about problems missed.
- Box or circle final answers.

Special instructions:

Hang in there! This is the last homework! Continue working hard outside of class. Chapters 9 and 10 will be on the final exam and make up about 100 out of the 200 points on the exam, so make sure that you ask about anything that is not making sense to you.
