Welcome Online Students!

Congratulations on your enrollment in OnMusic Appreciation, Music 10 OL at Cabrillo College. Please read all information on my home page and view the Orientation Video by clicking on Music 10 Orientation on my homepage. If you still have questions, then email me. I believe you will find this course interesting and user friendly. Your investment in the software is well spent as you are getting a treasure trove of music from a wide variety of styles and time periods to listen to. To get things started click on Discussion Group in your menu and log in to join the first discussion-‘Introduce yourself as a music listener’.

To succeed in the course, please follow these important points carefully:

1. There are no weekly due dates for each assignment.
   - The midterm exam is open from weeks five through eight of the semester. If you have not completed it you will be dropped from the course.
   - You must log in to the course, begin the work, and join in a discussion group by the end of the second week of the semester. Any exceptions to this will require special permission from me.
   - The final exam will close at 11:00pm on the Thursday before exam week.
   - Discussion groups are 6% of the total grade and are required to pass the course.
     You MUST complete all five written assignments to receive a passing grade in the course, regardless of your grade average in the course.

2. Be systematic in your study schedule for greatest success.

3. Be sure to answer all the questions in the essay portions.

4. If you are having any technical difficulties contact the support team at support@connect4education.com for assistance, not the instructor.

5. If you are having difficulty with any of the questions, or if you have a question about your grades, contact me at subruckn@cabrillo.edu
My website is www.cabrillo.edu/~sbruckner/

6. Three of your assignments will carry a heavier weight in your final grade. They are: the midterm exam, the final exam, and the written assignments. Be sure to give these extra time and preparation!
   If you follow the above suggestions, you should do well in the course.
   I look forward to our musical journey together!
Professor Susan Bruckner
