

a brief guide to using the SSH client PuTTY to connect to Pengo

Required settings

- Server: **pengo.cabrillo.edu**
- Connection Type: **SSH**
- Port: **(supplied in class)**
- Account and password: **(supplied in class)**

Recommended settings

- Window->Appearance: *change the font to something better for programming than Terminal (Consolas is nice)*
- Window->Colours: (check) use System Colors and (uncheck) turn off Bolded Text is a Different Color
- Window->Translation: character set is UTF-8
- Bell: use Visual Bell

Save a profile so that you don't have to change these settings on each launch.
