The Computer Support Specialist program is designed to help students acquire the knowledge and skills necessary to work in computer technical support positions and prepare for industry certification exams. Students will be able to provide technical support, troubleshooting, training and documentation to internal and external customers.

Courses include computer hardware, operating systems, common software utilities, fundamentals of networking and help desk concepts.

An Associate in Science degree, a Certificate of Proficiency, and Skills Certificates are available in the areas of CompTIA A+ Preparation, and Computer Support Technician 1. The following courses are recommended for potential Computer Support Specialist majors early in their academic career to help determine their interest in pursuing the major: CS1 (3-units) and CS1L (2-units), or CS 2 (4-units).

Limited English language skills will not be a barrier to admission to and participation in occupational education programs. Students with limited English proficiency may need to develop their skills through ESL, English and Reading courses before entering programs with English prerequisites.

If you have or think that you may have a learning, psychological or physical disability and are in need of reasonable accommodations, and/or assistance with applying to this program, please contact Disabled Student Services at (831) 479-6379. Identification of disability is voluntary and will in no way jeopardize program selection. If accommodations need to be made for State and National Registry examinations, the disability must be certified.

Due to the rapid changes in job markets and to career education, please be advised that the information contained in this brochure may have been updated. Check with a counselor for current program requirements or check our website at: http://www.cabrillo.edu/programs
