# Deductible and copayments marked with a (#) do not accrue to calendar-year copayment maximum. Copayments and charges for services not accruing to the member’s calendar-year copayment maximum continue to be the member’s responsibility after the calendar-year copayment maximum is reached. Deductible does not apply toward the calendar-year maximum. Please refer to the Evidence of Coverage, the Disclosure Form and the Group Health Service Contract for exact terms and conditions of coverage.

1 Member is responsible for copayment in addition to any charges above allowable amounts. The copayment percentage indicated is a percentage of allowable amounts. Preferred providers accept Blue Shield’s allowable amount as full payment for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield’s allowable amount. Charges above the allowable amount do not count toward the calendar-year deductible or copayment maximum.

2 There are Choice and Affiliate PPO providers. An additional 10 percent member copayment will be charged when non-emergency hospital facility services are obtained from an affiliate provider.

3 The maximum allowed charges for non-emergency hospital services received from a non-preferred hospital is $600 per day. Members are responsible for 30 percent of this $600 per day, plus all charges in excess of $600.

4 Services may require prior authorization by Blue Shield. When these services are prior authorized, members pay the preferred or participating provider amount.

5 Orthosis benefits, except for services covered under diabetes care, are limited to a $2,000 maximum per person per calendar year.

6 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through the mental health services administrator (MHSA) – U.S. Behavioral Health Plan, California (USBHPC) - using MHSA participating and non-participating providers. MHSA non-participating providers are not administered by USBHPC. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield’s preferred providers or non-preferred providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the Evidence of Coverage or plan contract.

7 All outpatient non-severe mental health, outpatient substance abuse, acupuncture and chiropractic visits accrue to the calendar-year visit maximum regardless of whether the plan deductible has been met.

8 Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as “Additional Substance Abuse Treatment Benefits.”

Benefits are subject to modification for subsequently enacted state or federal legislation.
