LIFE?

**CHANGE
YOUR**

THE ACADEMY FOR COLLEGE EXCELLENCE

Cabrillo College

Cabrillo College

HOW DOES ACE WORK?

In ACE you will:

- Engage with faculty and peers in hands-on learning
- Take classes with the same group of students during the semester
- Learn about yourself and how you work best
- Design and conduct a social justice research project
- Earn a professional skills certificate

After the first two weeks of ACE, I had no doubt that I could accomplish my goals. I feel like, "Wow! I can do this!" In the past I felt envious of other people, but now I'm excited to just be me.
— Gloria

WHAT IS ACE?

The Academy for College Excellence is a full time, one semester program at Cabrillo College. ACE helps you discover and build upon your strengths, become an effective student, and work well with others. ACE students develop the confidence and skills to accelerate their success in college, on the job, and in life.

THE ACE SEMESTER

WHY DO ACE?

- Get support to **succeed**
- Become a **better student**
- Lead & be a part of a **team**
- Build upon your **strengths**
- Make lasting **friendships**
- Develop **professional skills**
- Be part of a **community**

I was used to just sitting in class and listening to instructors; in ACE learning was hands on. We worked together and helped each other. It made me see education through a different lens.
— Carlos
