

Foreign Transcript Evaluation

Cabrillo College requires that applicants submit verification of educational qualifications with their application materials based on the position requirements. Foreign transcripts must be evaluated for equivalency to U.S. standards.

Any fee for such translation is paid by the applicant.

If your transcripts are in a foreign language or are in English, but from a country outside of the United States:

- You must have your transcripts translated to determine equivalency to U.S. standards. The results of the evaluation must be in English.
 - A course-by-course evaluation is usually the most efficient way for your transcripts to be evaluated by the translating agency and by hiring committees.

Please refer to the following website when researching your selection of an evaluation service.

National Association of Credential Evaluation Services (NACES).
