Water conservation is focus of workshops

Two workshops remain in the Cabrillo College water conservation series. In conjunction with the Water Conservation Coalition of Santa Cruz County, the workshops focus on water-saving techniques at home and conservation principles that help protect limited, local water supplies. The classes will meet on the following dates:

- April 25: Replace Your Lawn!
- May 16 and 23: Walkways, Pathways and Patios

Cabrillo College is at 6500 Soquel Drive. Call 831-479-6331 to register.
